6. What is a bid card? Why do you ask for my credit card?

When you check in to the event you will be handed a half-sheet of cardstock paper with a large number printed on one side which will be your bid card for the evening. During registration you will have the option to “pre-swipe” your credit card, which will connect your credit card to this bid card number. This number can be used to bid on things of interest throughout the evening, such as the silent auction, the wine pull, and the special appeal. Pre-swiping your card and using a bid number is completely optional. When we are checking you into the event just let us know your preference. You can always change your mind at any point during the event and swipe in your credit card later on.

7. What is a wine pull?

At this event we will have a table with a variety of bottles of wine, which any guest can play to win. Each bottle will be worth varying amounts and there will be many different kinds of wine. Each bottle of wine will have a number. This number will also be printed on corresponding cork. All of the corks will be in a bowl, also on the table. If you wish, you can make a donation in order to pull a wine cork from the bowl. Each person that plays will win a bottle of wine, and we will reveal which wine you have won after you pull the cork. Take your chance to see which wine you pull! Participation in this part of the event is completely optional for guests.

8. What is a silent auction?

A silent auction is a way to win prizes at the event by bidding on items. At the event we will have silent auction items displayed on a table. We will have a variety of items available to bid on at varying levels of value. During the silent auction, bids are written on a sheet of paper that is placed in front of or next to the item. At the end of the evening, the highest listed bidder wins the item. We will ask all winners to take their prizes home with them that evening. Participation in this part of the event is completely optional for guests.

9. What is a special appeal?

During the program we will give guests the opportunity to make a donation by raising their bid card. Clear levels of giving will be called out (ex. Who would like to give \$100? Who would like to give \$10?) by an emcee, and if anyone in the audience would like to make that donation that evening all they have to do is raise their bid card in the air for the emcee to see. Once you hear your number called that is the signal that your bid number has been recorded and you can lower your bid card. Participation in this part of the event is completely optional for guests. If you are interested in making a donation using the provided envelope you can drop off on your way out, or you can always make a donation online or by mail.
